Para Dressage Grand Prix Freestyle Final Grade V**Federica Sileoni (ITA)**

The test went very well. I'm happy and really enjoying the freestyle. My horse worked really well, and the location is fantastic. We truly enjoyed our time here.

Nicole Geiger (SUI)

It was great. I was really happy that I could ride the freestyle with my horse. It was the first time I've ridden a freestyle at a championship, and we had so much fun! It was a fantastic championship. Everything was well organised, everyone was friendly, and the horses were stabled really well and if the horses are happy, we're happy. We're really glad to have been part of it.

Ildikó Fonyódi (HUN)

I've ridden better tests. This arena had such an atmosphere, so he was really excited in the beginning. But from the middle on, he started to settle, and in the canter work he felt really nice. I loved riding here. It was a great competition. We had really good stables, and everyone was kind and happy. We got all the information we needed, so everything went smoothly.

Jonna Aaltonen

It went quite well. He had a bit too much energy! He spooked a little, but actually it's easier for me to ride when he's like this, because he goes forward by himself. Everything was really nice this week! This place is amazing and the atmosphere was great.
